

Business Plan for FY2019.3 of Daigas Group

March 8, 2018
Osaka Gas Co., Ltd.

1. Priority Issues in FY2019.3

In FY2019.3, we will adopt “Daigas Group” as our new group brand, and work unitedly as a group to enhance the value of society and our customers. While responding to the changes in the environment that have occurred since the deregulation of the electricity and gas retail markets, we will embody activities that go beyond our existing boundaries as we enter the second year of the Medium-term Management Plan 2020 announced in March 2017.

We will work continuously to increase the number of customer accounts by offering proposals incorporating various value-added services, in addition to expanding the electricity retail business and supplying natural gas, LPG and other sources of energy. Additionally, in the Tokyo metropolitan area, we will supply comfortable and convenient lifestyles to households, and economically and environmentally advantageous business solutions to corporations through CD Energy Direct Co., Ltd., a company established jointly with Chubu Electric Power Co., Inc.

2. Financial Plan

In FY2019.3, we forecast consolidated net sales of 1,360 billion yen, operating income of 74 billion yen, ordinary income of 70 billion yen and profit of 46.5 billion yen.
