

# Osaka Gas Group's Business Plan for FY 2016.3

March 11, 2015  
Osaka Gas Co., Ltd.

## 1. Priority issues in FY 2016.3

In FY2016.3, we intend to steadily implement “Catalyze Our Dreams,” our Medium-term Business plan announced in March 2014, while addressing changes in the business environment for further expansion in focused domains of higher potentials of future growth, such as electricity, International energy and material solutions. Furthermore, as we prepare for the electricity and gas industry regulatory reform, we will strive to evolve into a comprehensive energy business that provides our customers with products in combinations of gas, electricity and other energy and offers various services including gas appliances.

\* With the view to further expanding our power retail business after the full market liberalization in 2016, Osaka Gas has submitted the Partial Power Supply Business Commencement Notice to the Agency of Natural Resources and Energy of the Ministry of Economy, Trade and Industry today.

## 2. Financial Forecast

In FY 2016.3, the Osaka Gas Group is planning to generate revenues of 1,368.5 billion yen, an operating income of 113.5 billion yen, an ordinary income of 110.0 billion yen and a net income of 73.5 billion yen, on a consolidated basis.
