

Announcement Concerning Commencement of Commercial Operation of the Noheji  
Mutsu Bay Wind Farm

January 30, 2023

Tokyu Land Corporation

Osaka Gas Co., Ltd.

We are pleased to announce that Noheji Mutsu Bay Wind Farm (hereinafter “the farm”) started commercial operation in January 2023. Tokyu Land Corporation (President: Masashi Okada; hereinafter “Tokyu Land”), Osaka Gas Co., Ltd. (President: Masataka Fujiwara; hereinafter “Osaka Gas”), etc. will jointly invest in the farm through GK Aomori Wind Power.

The farm is an onshore wind farm with a power generation capacity of 36 MW located in Noheji Town, Kamikita District, Aomori Prefecture. Construction started in October 2020.

Under the brand name of “ReENE,” Tokyu Land operates a renewable energy business, such as solar power, wind power, and biomass, all over the country.

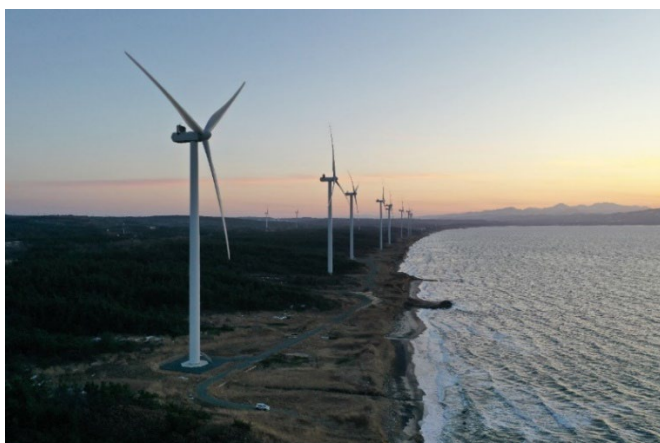

The Daigas Group positions renewable energy as an important energy source in the future and is promoting the development of a wide variety of power sources, such as solar, wind, and biomass, throughout the country. Leveraging our strength in having renewable power generation, we will work with our customers to promote initiatives that contribute to the environment on a global scale, with the goal of achieving carbon neutrality by 2050.

Tokyu Land and Osaka Gas will continue joint efforts toward dissemination of renewable energy, including wind power generation, by utilizing their expertise in the renewable energy business.
